## **NRCHA E-Cow Work**

### **Battle in the Saddle Schedule**

**July 7, 2010**

~~~~~

Battle in the Saddle, featuring the World's Greatest Horseman Shootout, has begun!

The inaugural Battle in the Saddle, featuring the World's Greatest Horseman Shootout, is being held at the Oklahoma State Fair Park. The competition began Monday, July 5, and runs through Saturday, July 10. Along with hosting a full-slate of American Quarter Horse Association approved working cow horse classes, the event is also exciting to reined cow horse fans because of the World's Greatest Horseman Shootout. Two members from the National Cutting Horse Association, National Reining Horse Association, American Rope Horse Futurities Association, and the AQHA will battle through the four phases of World's Greatest Horseman competition - cutting, reining, steer stopping, and cow work. The entry with the highest composite score will receive a paid entry to the 2011 NRCHA World's Greatest Horseman contest in San Angelo, Texas.

Here is a brief schedule for Battle in the Saddle events that might be of interest to reined cow horse fans. For more information on the Battle in the Saddle, visit www.battleinthesaddle.com.
