Horse Eligibility

The National Reined Cow Horse Association NRCHA SNAFFLE BIT FUTURITY® is open to three-year-old horses of all breeds. Horses will be shown in three rounds of competition: herd, reined and cow work. Horses may be previously exhibited in a bridle, snaffle bit, or hackamore. However, the horse may not have been shown in a bridle down the fence in any judged classes or events with the exception of horse sales (NRCHA 10.6.1.3). Three-year-old horses may not have privately worked or practiced on cattle in the Will Rogers Coliseum or other facilities at the Will Rogers Memorial Center prior to the NRCHA SNAFFLE BIT FUTURITY®. The only exception is if the organized work or practice is part of an approved NRCHA sanctioned event or events produced by NRCHA affiliates or NRCHA Alliance Partners (NCHA / AQHA / APHA / NRHA / SHTX).

For NRCHA age-restricted events (such as the NRCHA SNAFFLE BIT FUTURITY®), the horse's age shall be determined as follows:

- For horses foaled in the Northern Hemisphere, age will be determined by calendar year, starting January 1 of the year foaled. The horse is a weanling during the year foaled and a yearling during the following year.
- For horses foaled in the Southern Hemisphere, age will be determined one of two ways:
  - Horses foaled July 1 through December 31 will be considered a weanling during the next calendar year after which it was foaled, and a yearling during the subsequent year. (For example: a horse foaled July 1, 2022- December 31, 2022 will be considered a weanling in 2023 and a yearling in 2024).
  - Horses foaled in the Southern Hemisphere January 1 through June 30 will be considered a weanling during the calendar year in which it was foaled and yearling during the following year.

For NRCHA Premier Events, herd settler must be entered in the event for show at which he/she is settling. (For example, to settle a herd in any division in a derby, the herd settler must be entered in that derby, in any division). No horse may be used as a herd settler for a class in which that horse is competing. They may be used as turn back help horses. Violation of this rule may result in the following: fine, suspension, probation.

General Information

Equipment Requirements

1. Entries will be shown in a standard headstall (brow-band, shaped ear or split ear) using a "D" or "O" Ring type, no larger than 4 inches in diameter on the inside of the ring. They must have a broken, 2-piece mouthpiece, being a minimum of 5/16 inch in diameter, measured 1 inch in from the inside of the ring on the snaffle bit, with a gradual decrease to center of the snaffle. The mouthpiece should be round, oval or egg-shaped, smooth and unwrapped metal. It may be inlaid, but must be smooth. Latex wrap is not acceptable. These bits must be such that when the reins are pulled no undue leverage is applied, i.e. the inside of the circumference of the ring must be free of rein, curb, or head stall attachments.
2. A leather or other woven material chin strap of any width is to be used. No iron, chain or other material may be used. Chin strap is allowed to include metal buckles and/or keepers on snaffle bits only.
3. Split reins may be used. Entries must be shown with both hands on the reins, except in the herd work portion of the competition.
4. After each work, headstalls must be dropped and viewed by the appointed representative of the Futurity and mouth checked.
5. One hour prior to and during the performance, all illegal equipment must be removed from the arena. This includes equipment used on turn-back horses and herd holders.
6. Size and design of horseshoes will be at the exhibitor's discretion.
